Fatally shot

## Malaysian cameraman shot dead in Mogadishu, another wounded

2 September 2011

---

Reporters Without Borders is saddened to learn that **Noramfaizul Mohd Nor**, a visiting Malaysian cameraman working for *Bernama TV*, sustained a fatal gunshot injury to the chest today at Mogadishu's "Kilometre 4" intersection while travelling in a car behind the vehicle of the Malaysian humanitarian organization Putera 1Malasyai Club.

It was not immediately clear how Nor came to be shot but his TV station said he was the victim of an insurgent attack on a government truck. Another Malaysian cameraman, **Aji Saregar Mazlan** of *TV3*, was slightly injured in the attack.

"Nor joins the long list of journalists killed in the course of their work in Somalia, Africa's deadliest country for media personnel with 23 killed since 2007," Reporters Without Borders said. "Despite the recent retreat by the Islamist insurgent group Al-Shabaab, the violence and fighting in Mogadishu have not stopped and covering Somalia continues to be extremely dangerous."
